Guided Fishing Trips

Smallmouth Bass Fishing – Fly Fishing or Spin Fishing - Full Day

No matter your experience level, Kennebec River Angler has a guided bass fishing trip for you. These hard-fighting fish are just waiting for you to catch them. We access hard-to-reach, remote and uncrowded stretches of water using rafts, drift boats and jet-drive bass boats.

Each bass trip includes a Registered Maine Fishing Guide and all the necessary equipment. Although these are designed as spin fishing trips, you can request fly fishing. We supply transportation to and from your local accommodations to the river, snacks, water and a hearty riverside lunch on full day trips. All our trips are catch and release so be sure to bring your camera! You'll also want to bring a hat, sunglasses, sunscreen and rain gear (rain jackets and pants are recommended as we fish rain or shine). While we do provide all tackle, if you prefer to use your own gear, we recommend: medium weight spinning rods and 6 – 10lb test line, 4 – 7 weight fly rods with floating, sink tip and full sinking lines.

We'll float the lower section of the Kennebec River gorge and cast to aggressive smallmouth bass. These trips depart 3 times a day: 7:30 am, 12:30 pm, and 5:30 pm so you can fit one into your busy vacation schedule.

Kennebec River Gorge Fly Fishing for Trout & Salmon – Full Day

This remote section of the Kennebec River is our showcase trip. We are the only fishing outfitter that guides on this rugged section. Well known for its exciting class 4 whitewater rapids, the Upper Kennebec Gorge transforms into a pristine Maine stream and fly fishing haven for brook trout and salmon when the dam is not releasing those big water flows. It has a hidden gem of a fishery located deep in a bedrock canyon. Solitude is the name of the game in the Gorge.
